CIRCUMVENTING SYSTEMS GUIDE

How to Avoid Facebook Banning you

APP INSTALLS

Make sure you aren't using real money betting

MLM

Remove ad copy that sounds like an MLM

REWRITE

Rewrite MLM sounding ad copy to be Facebook compliant

TRANSFORM AD TEXT

Make sure your ad copy sounds realistic to Facebook. Don't make crazy promises that sound spammy

NO EVASIVE COPY

Don't use evasive ad copy. Ensure your spelling is correct. Avoid curse words & misspelling brand names to trick FB users into clicking on your ad

SPAM CHECK YOUR FUNNEL

FB will flag you for Circumventing Systems if a hacker spams FB users using your account. Hire a cybersecurity company for malware protection. And don't write ad copy that sounds spammy.

TAKE OUT REDIRECTS

Take out all redirects from websites connected to your Facebook ads. Redirects trigger the Circumventing Systems flag, so remove them.
